PROFILE SUMMARY

A highly motivated BCS graduate from Sadguru Gadge Maharaj College, Karad, with a strong foundation in programming languages such as Java, Python, C, and C++. Proficient in using development tools like Git, VS Code, and Visual Studio, and familiar with frameworks like React and Node.js. Eager to apply my problem-solving, data analysis, and technical skills in a dynamic work environment. Certified in Full Stack Java Development and Python Fundamentals, with a passion for continuous learning and professional growth.

EDUCATION

Sadguru Gadge Maharaj College , Karad Course: BCS Sem VI, 78.34%	2025
Sadguru Gadge Maharaj College, Karad Course: HSC In Science , 56.33%	2022
Yashwant High School, Karad Course: SSC , 85.60%	2020
Languages: Java, Python, C/C++, MySQL , JavaScript, HTML/CSS, R.	
Frameworks Basic Knowledge of: React, Node.js	
Developer Tools: Git, VS Code, Microsoft Visual Studio 2010, IntelliJ, Eclipse	

PROJECT

- Password Generator and Encryption
 - Developed a user-centric web application in Java with Swing GUI, allowing for seamless integration with existing systems; resulted in a streamlined data management process, reducing manual entry errors by 35
 - Managed a process re-engineering project to improve and consolidate end-to-end service processes; restructured communication flow among 10 departments and cut down paperwork by 75.
 - Developed an advanced password generation and encryption solution using a robust hashing algorithm; enhanced security protocols, resulting in a 40% reduction in unauthorized access incidents within the first quarter of implementation.
- Online Grocery Shop (OGS) | E-Commerce Platform(Using asp.net)
 - Developed a user-centric web application for online grocery shopping, integrating product catalog management, customer registration, order processing, and secure payments.
 - Streamlined inventory tracking and automated restocking alerts, reducing stockout incidents by 40%.
 - Integrated a secure payment gateway (Razorpay, PayPal), ensuring seamless transactions.
 - Designed a scalable architecture supporting future enhancements like AI-based recommendations and mobile app integration.
 - Developed advanced reporting features for sales and customer analytics, enabling data-driven decisions.

SKILLS & OTHER

- | | |
|-------------------|--------------------|
| • Problem Solving | • Time Collaborate |
| • Data Analysis | • Ms-Office |
| • Time Management | • Quick Learner |

CERTIFICATIONS

- Full Stack Java Developer
- Certification Course of Python Fundamental

-Symbiosis
-Great Learning

HOBBIES

- Listening Music
- Interaction

- Reading
- Doing Research
